Bronx County Medical Society
Providing Outstanding Leadership in Medicine by Promoting Excellence and Innovation in Clinical Care, Education and Public Policy
Sumir Sahgal, M.D., M.S.

President 2010 – 2011

Dr. Sumir Sahgal joined the Bronx County Medical Society as a full member in 2000. In 2007 he was elected the Society’s Secretary and subsequently named President on June 1, 2010, whereby becoming the Society’s 97th President. Dr. Sahgal has a long history of physician leadership; in addition to serving on various Committees of the Society, he is currently the District President of American College of Physicians and Chair of the International Medical Graduate Committee of the Medical Society of the State of New York. Previously, he served as Chair of the Young Physician Section of Medical Society of the State of New York. A graduate of Maulana Azad Medical College, New Delhi, India, Dr. Sahgal completed his Internal Medicine Residency training program at Brookdale Hospital and Medical Center,
Brooklyn, NY. He also holds a Masters degree in Health Policy and Management from New York University. Following a few years of practice in Brooklyn and Queens, Dr. Sahgal has focused on caring for patients in the Bronx for the past 14 years. In 1999, he launched Essen Medical Associates, PC, a primary care practice in the South Bronx, which in the span of 10 years has grown into a multi-specialty practice that now employs over thirty providers across 5 office locations. A true innovator, Dr. Sahgal’s practice was one of the initial practices to achieve ‘Level 3 Patient Centered Medical Home’ designation in the state of New York. Additionally, as one of the ‘Early Adopters’ of Electronic Health Record in New York City, Dr. Sahgal was recognized with a visit from Mayor Michael R. Bloomberg and the Health Commissioners of both the city and state. Demonstrative of Dr. Sahgal’s commitment to providing true continuity of care, Essen physicians currently care for patients not only in the office, but in their own homes, hospital rooms and in many cases, nursing homes. In 2005, with his own funding, Dr. Sahgal established House Call Medical Services of New York. Currently the largest private practice medical house call program in the five borough area, the program provides care for frail elderly homebound throughout the Bronx, Upper Manhattan, Brooklyn, Queens, and lower Westchester.

Managing your energy costs is a big concern. At Hess, we understand that. That’s why we offer you more choice, more control and greater savings. So there’s one less thing to worry about.

As your local partner and energy expert, Hess Small Business Services puts its full expertise and resources to work to help you manage your energy purchases.

We’re a specially focused team within the 76-year-old, Fortune™ 100 Hess Corporation, whose mission is to help small businesses like yours manage their natural gas and electricity spending.

Visit www.HessSmallBusiness.com to learn more about:

- A single supplier for natural gas and electricity
- A range of energy options and pricing plans to help you save
- Easy online enrollment
- Setting price alerts

Keep an eye on the market

In New York’s tough economic environment, a small business has to watch every penny. With the Market Rate Plan for natural gas from Hess, we can keep an eye on the market and lock in what we decide is the best price. I’d recommend Hess to other small businesses in a heartbeat.

Dean Doukas, Owner
Eastchester Odyssey Diner,
Eastchester, NY

Bronx County Medical Society  
3560 Netherland Avenue, Suite 2F  
Bronx, NY 10463

Dear Friends:

I would like to congratulate the Bronx County Medical Society on their 97th Annual Dinner Dance and Physicians Expo.

This annual dinner dance is always a wonderful occasion, honoring doctors and professionals of the medical field who possess records of outstanding commitment to the residents of this great borough. This institution, which was established in 1914, has evolved into a prestigious resource center for its members and the community-at-large.

Over the years, the Bronx County Medical Society has fostered the highest possible medical and ethical standards for all doctors, engaged actively with the Bronx community and supported regulations to protect patients and physicians. I offer my most heartfelt congratulations to Bronx County’s Immediate Past President, Sumir Sahgal, M.D., for his well-deserved recognition and many years of accomplishments within the medical field.

On behalf of the 1.4 million residents of The Bronx, I congratulate the Bronx Medical Society and wish them the best on all their endeavors.

Sincerely,

Ruben Diaz Jr.
