

## **BRONX COUNTY MEDICAL SOCIETY ENDORSES MEDLINK**

MedLink International, Inc. (OTCBB:MLKNA) announced today that the Bronx County Medical Society ("BCMS") has officially endorsed MedLink International and its products and services, including MedLink TV. More than 800 physician members of BCMS will be offered MedLink TV as a benefit of membership with the New York County Medical Society.

**BCMS members will receive the 40" flat-screen MedLink TV, for free**, as long as they are in good standing with the BCMS. Physicians can sign up for the service at [www.medlinktv.com](http://www.medlinktv.com), in addition to finding out more information about the program.

MedLink TV, a partnership between MedLink and DynaTek Media, in cooperation with industry leading physicians, strives to provide patients with thought-provoking, entertaining and informative healthcare related programming. Physician members of BCMS, by supporting MedLink TV and providing this programming in their waiting rooms, are encouraging thoughtful communication between patient and healthcare provider, with the goal of providing the very best in healthcare for their patients and their families.

### **About the Bronx County Medical Society:**

The mission of the Bronx County Medical Society is to have its members continue to play important roles in the borough's hospitals and teaching institutions. Bronx County Medical Society members will continue to provide the same exemplary health care to the people in the Bronx as they did when the Society was established in 1914. Please visit [www.bronxdocs.org](http://www.bronxdocs.org) for more information.

### **About MedLink International, Inc.:**

MedLink International, Inc. is a full service healthcare IT company that provides doctors, hospitals, imaging centers, labs and patients with products and services designed to help create, manage and share medical information, all delivered over the MedLink VPN, the industry standard for secure, HIPAA compliant communication. Among its products and services are MedLink TotalOffice, a complete practice management, billing & health record solution for physician's offices; MedLink TV, a healthcare network for physician's waiting rooms displaying medical education, news and advertising on a network of 40" flat screen TV's; MyMedLinkChart.com, a complete personal health record for patients and their families; as well as Healthcare IT infrastructure and networking services, all based on the MedLink VPN, the most secure and easily deployed network for sharing information in the industry.

MedLink International markets its line of healthcare IT products and services through several unique partnerships in the medical community.

MedLink International is publicly held trading on the NASDAQ Bulletin Board and Frankfurt Stock Exchange (OTCBB: MLKNA.OB) (Frankfurt:WM6B.F). For more information visit [www.medlinkus.com](http://www.medlinkus.com)

### **About DynaTek Media Corporation**

DynaTek Media Corporation operates a network of electronic displays comprising a large out-of-home broadcast network, and delivers targeted content and advertising via an end-to-end solution to its network of screens and mobile devices, such as computers, PDAs and cell phones. DynaTek currently operates its network in the waiting rooms of medical clinics and physicians, as well as part in-store Point-Of-Purchase displays for grocery/convenience retail stores. DynaTek utilizes its intellectual property and technical know-how for the production, editing and delivery of digital ads, and comprehensive backend software for the management of ad inventory. DynaTek provides the highest quality dynamic delivery of advertising, which is establishing its service and network as a strong brand that is integrated into media buys by leading advertisers and advertising agencies worldwide. Please visit [www.dynatekmedia.com](http://www.dynatekmedia.com) for further information.
